Knoppix 3.3

Bootable Live Linux
Desktop

This disk installs nothing on your computer (unless you ask it nicely). Use it to demo Linux with ease, to rescue systems, impress your friends.

2 GB of programs and data, 1100+ programs, office suites, graphics, audio, Internet software, and more!

Insert disk & boot from CD for a no-install GNU/Linux desktop.
Browse disk in Windows for informational docs.
Website: http://www.knoppix.org/
Knoppix by Klaus Knopper, Germany.
v3.3 2004-02-16-EN **No Warranty**

Please copy this CD

This is Free Software. You can use, copy, distribute, share, and modify it under the GNU GPL and other licenses. See LICENSE.txt for more information.
